

STATISTICA VERSION 9 PI CONNECTOR INSTALLATION INSTRUCTIONS

Users running Windows 2000, XP, or Vista on their client machines may need to log on with Administrator permissions to complete installation.

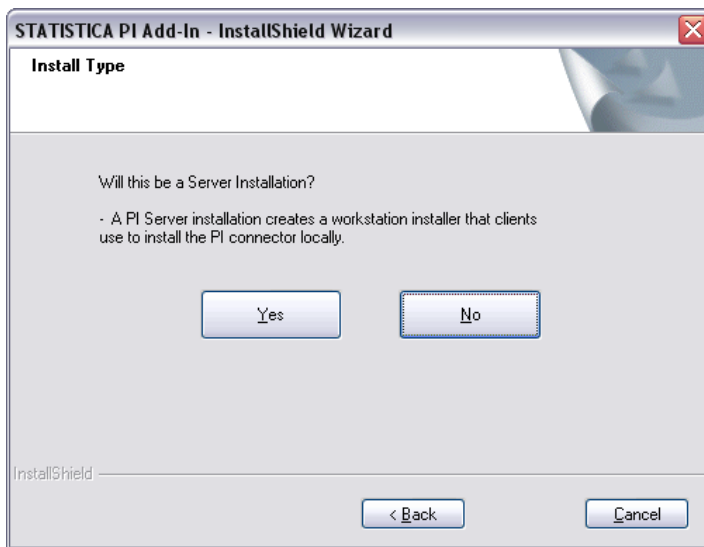

Before you install the *STATISTICA* PI Connector, you must have *STATISTICA* and the PI-SDK already installed.

There are two types of *STATISTICA* PI Connector installations: (1) Desktop, and (2) Networked. Follow the instructions appropriate to your *STATISTICA* installation.

Desktop Installations

The instructions in this section are for those with a single user *STATISTICA* license (e.g., Desktop).

1. On the *STATISTICA* PI Connector media, run the *Setup.exe* program. The *STATISTICA PI Add-In* wizard displays.
2. On the *Install Type* dialog, click the *No* button.

3. Once the *STATISTICA* PI Connector files are installed, a message will notify you that the installation is complete.

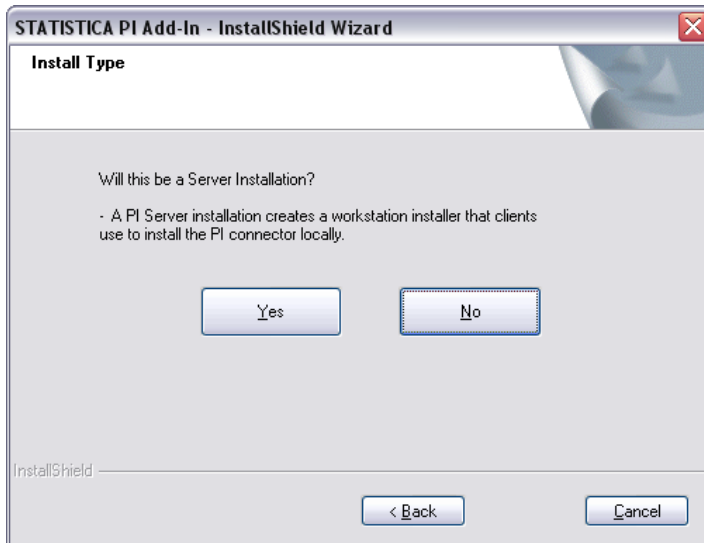

Networked Installations

The instructions in this section are for those with a networked *STATISTICA* license (e.g., Enterprise, CNET, BNET).

Installing the Server

1. On the *STATISTICA* PI Connector media, run the *Setup.exe* program. The *STATISTICA PI Add-In* wizard displays.

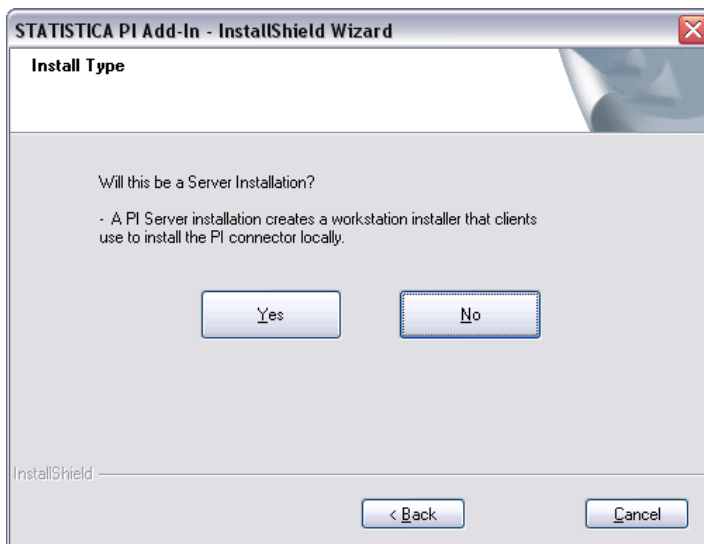

2. On the *Install Type* dialog, click the *Yes* button.

3. Once the *STATISTICA* PI Connector files and workstation installer are installed, a message will notify you that the installation is complete.

Installing the Workstation

4. Run the workstation installer. The *STATISTICA PI Add-In* wizard displays.
5. On the *Install Type* dialog, click the *No* button.

6. Once the *STATISTICA* PI Connector files are installed, a message will notify you that the installation is complete.

Notes on failed registration

1. The software registration process can fail for several reasons including: exceeding the allowed number of installations for a serial number, lack of internet connection on the installed machine, incorrect serial number, or other technical difficulties.
2. If you want *STATISTICA* installed on an additional computer, contact StatSoft for information on our policy and additional pricing.

3. If some other issue has affected your registration, ensure that the computer is connected to the internet, and verify your serial number. Start *STATISTICA*. From the *Help* menu, select *Register*.
4. If the registration process still cannot be completed, follow the instructions in the *STATISTICA* start-up dialogs, or contact Technical Support at (918) 749-1119 or info@statsoft.com.
