

STATISTICA VERSION 9 TRIAL INSTALLATION INSTRUCTIONS

1. Download the free Trial Version from the StatSoft website. The Trial is compatible with Windows XP, Windows Vista, and Windows 7.
2. Double-click the downloaded file (e.g., *TRIAL9.exe*) to start installing.
3. You can opt to install *STATISTICA* video overviews if you have sufficient disk space.
4. On the *Register with StatSoft* dialog, enter the requested information in the appropriate boxes. This must include a valid email address.
5. Verify that your internet connection is enabled and that your firewall is disabled. An email will be sent to you.
6. Open your email application. Go to your Inbox and open the registration email from license@statsoft.com. The email will ask you to verify your email address in order to continue the installation of *STATISTICA*. Click on the hyperlink in the email. (*Alternatively, you can copy and paste the link, in its entirety, into the address bar of your web browser.*)

If you do not receive an email from license@statsoft.com:

- You may need to look in your Junk E-mail folder, in case your email application flagged the email as spam, OR
 - You may need to enable your internet connection, OR
 - You may need to temporarily disable your firewall
7. In your web browser, a webpage says your email address has been confirmed.
 8. Return to the installer and click the *Continue* button.
 9. When the installation is complete, click the *Finish* button. You can now explore the *STATISTICA* 9 Trial Version for 30 days.
